

MONOCLONAL ANTIBODY

Catalog No. GU01-M01AS-A

Anti Schwann Cell/peripheral myelin antibody

Product type	Primary antibodies
Host	Mouse
Source	Ascites
Form	Liquid
	No preservative is added.
Volume	50 ul
Specificity	Reacts to Myelinating Schwann Cells or Myelin Sheath of Human Peripheral Nerve but not to Oligodendrocytes of Myelin Sheath of Human Central Nerve.
Antigen	Human peripheral nerve extract
Clone	Schwann/2E
Isotype	IgM

Application notes

IHC

Recommended use

Recommended dilutions

Immunohistochemistry 1/10,000

Optimal dilutions/concentrations should be determined by the end user.

Staining Pattern

Cross reactivity

Human, Mouse, Rat

Storage

Store below -20°C (below -70°C for prolonged storage). Aliquot to avoid cycles of freeze/thaw.

For research use only. Not for clinical diagnosis.

(Fig.1) Result of Immunohistochemistry with Schwann/2E

Schwann/2E positively reacts to Spinal Nerves but negative to Parenchymas (lower light area of the figure)

Sample : Spinal Cord of Human (paraffin embedded / fixed with formaldehyde)

Dilution Rate : 1/10000

Staining Methods : Streptoavidin/Biotin

(Fig.2) Expansion Graphic of Spinal Nerves stained with Schwann/2E

Schwann Cells and Myelin Sheath are positively stained with Schwann/2E
